

Freshford and Limpley Stoke Neighbourhood Plan

Compliance Statement: Town and Country Planning Act 1990

Introduction

This document explains how the proposed plan meets the requirements of the Neighbourhood Planning Regulations. It has been prepared by the 'qualifying body' - Freshford Parish Council (Bath and North East Somerset) and Limpley Stoke Parish Council (Wiltshire) in accordance with the Localism Act 2011

By Order of Bath and North East Somerset Council made on the 30th October 2013 the parishes of Freshford and Limpley Stoke have been designated as a Neighbourhood Plan Area.

Map

The designated area is as shown on the attached plan.

Background

Both Parishes have a strong record of working together to serve their communities, and have already made excellent progress on local community projects. The decision to undertake a Neighbourhood Plan was one fully supported by the two Local Authorities of Bath and North East Somerset Council and Wiltshire Council. The background and reasons for the Neighbourhood Plan are as set out in the joint Grant Application submitted to the Department For Communities and Local Government and made by the two Authorities on the 4th November 2011. Legislation

Neighbourhood Development Plans must meet the following basic requirements (**Paragraph 8, Schedule 4B, 1990 Act**):

(1) *The examiner must consider the following—*

- (a) whether the draft neighbourhood development plan meets the basic conditions (see subparagraph (2)),*
- (b) whether the draft neighbourhood development plan complies with the provision made by or under sections 61E(2), 61J and 61L,*
- (d) whether the area for any referendum should extend beyond the neighbourhood area to which the draft neighbourhood development plan relates, and*
- (e) such other matters as may be prescribed.*

(2) *A draft neighbourhood development plan meets the basic conditions if—*

- (a) having regard to national policies and advice contained in guidance issued by the Secretary of State, it is appropriate to make the neighbourhood development plan,*
- (d) the making of the neighbourhood development plan contributes to the achievement of sustainable development,*
- (e) the making of the neighbourhood development plan is in general conformity with the strategic policies contained in the development plan for the area of the authority (or any part of that area),*
- (f) the making of the neighbourhood development plan does not breach, and is otherwise compatible with, EU obligations, and*

(g) prescribed conditions are met in relation to the neighbourhood development plan and prescribed matters have been complied with in connection with the proposal for the neighbourhood development plan.

(6) The examiner is not to consider any matter that does not fall within sub-paragraph (1) (apart from considering whether the draft neighbourhood development plan is compatible with the Convention rights).

Meeting Requirements

Neighbourhood Plans must not breach and must be compatible with EU and human rights obligations. The National Planning Policy Framework makes clear that a sustainability appraisal should be an integral part of the plan preparation process, but the particular assessment requirements need to respond to the scale, status and scope of the plan being developed.

It is not the case that every Neighbourhood Plan will need an environmental assessment of the type normally required when preparing Local Plans. Strategic Environmental Assessment may be required for Neighbourhood Plans, where they are likely to cause significant environment effects.

Even where there is no need to undertake formal environmental assessment under EU directives, it is good practice to prepare a statement setting out how environmental issues have been taken into account and considered during the preparation of the Neighbourhood Plan.¹
