

Freshford PC Chairman's Report –14 Sept. 2020

1. Overview

There is little to report on as the main areas have been reported on via separate papers on the Web Site Development and Community Health.

2. BANES Funding Requirements

A request was received to provide an overview of the funding that the PC requires from BANES.

It transpires that the funding requirement is as regards the Councillors Fund.

Therefore, the only current requirement is the Rosemary Lane traffic count, which Cllr. Julian Carpenter has previously applied for.
