

Trees Survey – 11 October 2021

1. Overview

A map has been produced using Parish Online outlining the land owned by the Parish Council using the outline Tynning Woods area defined by Coopers and Tanner.

A rough tree count has been undertaken:

- The Cemetery – 8
- The Tynning (grass area) – 13
- The Tynning (wood area) – c.140

The Pound is to be included in the survey, which will not have a substantive impact on the costs.

2. Potential Suppliers

A formal request stating the PCs requirements along with the outline map and estimated tree counts was provided to each of the 3 potential suppliers.

1. Atworth Arboriculture

They are a local(ish) company who know Freshford. Their pricing guide is c.£350 for 60-70 trees.

They know the area well and stated that they are very interested in undertaking a Trees Survey, and they also provide a 5-year maintenance plan.

Atworth Arboriculture have not provided a formal response.

2. Bawden Tree Care

Bawden are based in Amesbury and provide arboriculture services, including tree surveys.

The quote provided is £1,050 + VAT.

The response states that the report is provided via a PDF file and a map. A response is being provided on the definition of 'a map'.

3. Green Way

Green Way cover our general area and have provided a fixed price quote of £725.

3. Decision

Councillors have received the 2 quotes provided and are asked to agree which quote should be accepted.

The provision of an export of the GIS layer by BANES is outstanding.
