RE: Community Transport Grant Application for April 2022 - March 2023

Midsomer Norton & Radstock Dial A Ride, including East & West Rural Services, covering the Chew Valley & Cam Valley, operate a useful door to door community service, with low floor accessible buses for people who have no viable public transport options i.e. Rural Areas, or find public transport difficult to use; i.e. the disabled or elderly & wheelchair users.

We are still providing a service under current Covid-19 restrictions.

As a registered charity, the Midsomer Norton & Radstock Dial A Ride; would like to be considered for a Grant of **£30.00** for the financial year **April 2022 - March 2023**, to help towards operating costs.

We do hope you will be able to support this service, as it is available to all residents in your parish.

If further information is required, please contact us on 01761 418097 or Email: info@dialaridemsn.co.uk

Yours Sincerely,

Adrian Brimson
