

## FRESHFORD PARISH COUNCIL

### Village Hub Bus Stop Report

14 March 2022

#### Introduction

For background information please refer to my report to PC for the October 2021 meeting.

#### Report

I was asked to obtain:

- a) A revised quotation from Greentrees for reduced area for the Village Hub Bus Stop avoiding the area planted with wild flowers;
- b) A quotation for a sustainable teak bench.

The quotations are:

- (a) £2,966.66 +VAT
- (b) £337.50 +VAT

Total = £3,304.16

This compares with £3,500 put aside from the 2021/22 budget.

The only other action was to ask Cllr Tibbles to remove & store safely the existing brass plaque, to re-install after the bench is replaced.

Please note that the above quotation does not include wooden border posts secured in concrete, following comments received from residents.

I would ask your approval to bring this project finally to a conclusion to accept the above quotations.

Julian Carpenter
