

Friends of Freshford – Tynning Projects Monthly Report – February 2022

Actions undertaken during December 2021 and January 2022

- Due to the exceptionally warm autumn, the suppliers of the orchard trees were unable to lift bare-rooted stock and therefore delivery was delayed until 2022. A similar situation existed with the new native hedge, so the community tree planting weekend on 11/12 December was postponed to February 2022.
- Monday 13th December. 1,000 tete-a-tete and 1,000 crocus were planted by children of FCS in the cemetery & triangle

Actions to be undertaken in February 2022

- The community orchard will be planted on the weekend of 26/27 February.
- FoF will be working with 30 children from Freshford Church School to plant the new native hedge. It is hoped this will take place on Monday 28 February
- Sponsorship scheme for bollard trees extended to the wider community and to community organisations

Advance dates

- Autumn 2022 (date tbc): Coppice planting
